

Rush Recall Numbers- Training for the 2020 Canadian Memory Championships Numbers Discipline. Instructions: For a competition-like training, cut this sheet in half, then put each half on two separate tables about 3 feet apart, and start memorizing the numbers in the left row then turn around to the other table to circle the wrongly copied number in each line. You can shuttle back and forth between tables during the initial 10 minutes.

To reach the optional bonus round, all wrongly copied numbers must be identified correctly in 10 minutes or under to reach the optional bonus round. The first bonus question will cover a random number in Rows 1 to 5, the second bonus question will be selected from Rows 6 to 10 and the last question from Rows 11 to 15.

Rush Recall Numbers- Training for the 2020 Canadian Memory Championships Numbers Discipline. Instructions: For a competition-like training, cut this sheet in half, then put each half on two separate tables about 3 feet apart, and start memorizing the numbers in the left row then turn around to the other table to circle the wrongly copied number in each line. You can shuttle back and forth between tables during the initial 10 minutes.

To reach the optional bonus round, all wrongly copied numbers must be identified correctly in 10 minutes or under to reach the optional bonus round. The first bonus question will cover a random number in Rows 1 to 5, the second bonus question will be selected from Rows 6 to 10 and the last question from Rows 11 to 15.
